Description

English 10 gives students information and skills to use language in its range of contexts and purposes through a variety of media. Successful students will be able to understand and draw conclusions from written, spoken or visual communication. Students will explore Canadian and world literature as a way of understanding their literary and multicultural heritage.

The Course

This course is offered from September to June. It is not offered during the summer.

English 10 has 24 assignments and 3 tests. The tests must be written at school.

50% of the student mark is based on tests and 50% is based on assignments.

Prepared students should complete the course in about 120 hours.

A passing grade is 50%. However, 70% is the minimum grade to have success in English 11.

Students need to log in at least once every two weeks. If they don't the course will be made inactive. Students should finish this course in a maximum of four months.
